

Some people look for work. Some people look for much more.

# We're looking for YOU!

Do you...

...consider work your passion, not just a job?

...seek challenges and opportunities to learn and grow?

...enjoy working as part of a team?

...care about a company's ethics?

...have expertise in negotiating healthcare contracts?

**Then we're interested in meeting you.**

Novation is actively seeking high-caliber professionals like you to join our team. As the nation's leading health care supply contracting company, Novation serves as an advocate for the hospital members we serve. Our most important responsibility is improving their daily performance while maintaining the highest standards of ethics and integrity.

We earned the Ethics Inside® Certification from the Ethisphere Institute, a leading international think tank, and were named one of the Best Places to Work five years in a row by *Modern Healthcare*.

If you think this sounds like a place where you would like to cultivate your career, we'd like to talk with you.
